

Resolution of the Board of Directors of the International Doctoral School, 24 July 2020, which regulates the procedure to obtain the International PhD Mention

REQUIREMENTS

The «International PhD» Mention will be given to the doctoral theses of UCAM Universidad Católica San Antonio de Murcia whose development and defence comply with the following requirements:

- That during the training period necessary to obtain the PhD the doctoral student spent at least three months outside Spain in a higher education institution or renowned research centre, studying or carrying out research works. The stay and the activities must be guaranteed by the supervisor and authorised by the academic commission (click here to download the **request**) and they will be included in the document of activities of the doctoral student.
- That a part of the doctoral thesis, at least the abstract and the conclusions, are written and presented in one of the languages that are normally used for scientific communication in his/her field of knowledge and different from any official language of Spain. This norm will not be applied when the stays, reports and experts are from a Spanish-speaking country.
- That the thesis is informed by at least two expert doctors belonging to a non-Spanish institution of higher education or research centre.
- That at least one expert belonging to a non-Spanish institution of higher education or research centre, holding a PhD, and different from the person in charge of the stay mentioned in section a), was included in the assessment board of the thesis.

DOCUMENTATION

When carrying out the procedure for the admission of the doctoral thesis, the students who wish to obtain the “International PhD” Mention, apart from the documents required for this procedure, must also attach the following ones:

- **An accreditation request for the International PhD** in which it will be specified the language chosen for the defence of the thesis.
- The two **prior reports** of the experts must be issued by said doctors belonging to an institution of higher education or a foreign research centre, accompanied by the **suitability report corresponding to such experts**.
- A certificate issued by the foreign centre where he/she carried out the stay, indicating the starting and finishing date of the stay, guaranteed by the thesis supervisor and authorised by the corresponding academic commission according to the **above-mentioned request**.
- The assessment boards of the doctoral thesis must include, at least, a doctor belonging to a non-Spanish university or research centre, different from the person in charge of the stay carried out abroad. Provision should be made for this person to be replaced by another one who meets the same requirements.
